

Local Green Space	Mill Lane
Criteria and reason for protection:	Comment
1. Is the green space in reasonably close proximity to the community it serves?	Yes, it can be accessed immediately off of Mill Lane
2. Is the green space demonstrably special to the local community and hold a particular local significance?	Yes, there is a footpath across the field which is used regularly by residents
a) Are there significant views from the local area into or across the site?	The site is a green space between dwellings
b) Does the site afford the public with significant views out into the wider countryside?	Within the site there are views down the Welland Valley
c) Does the site have special historic significance or features?	Yes, local footpath dating from the late 19th C .
d) Does the site have recreational value?	Used by walkers
e) Is the site particularly tranquil?	Yes as it is the entrance to a wider green space
f) Does the site have ecological value?	It is used for sheep grazing
g) Does the site form a significant green break within the settlement?	Located on the edge of the settlement, the field creates a green corridor and provides a soft interface between the village and the surrounding countryside.
h) Are there other reasons that make the site special to local people?	The footpath forms part of the Jurassic Way footpath from Banbury to Stamford
i) Is there evidence demonstrating that the site is special to local people? e.g. local comments, photographs, petition or public survey results	It is extensively used by residents walking along the footpath to Wakerley Road and return back to the Village along the roadside
3. Is the green area: a) local in character? b) an extensive tract of land?	Very local as it is on the edge of the Planned Limits of Development and is only 0.1 hectare in size
Is there public access to the site? Would the site provide the public with amenity value without public access?	Yes, there is a footpath across the field which is used regularly by residents and is part of the Long Distance Walk , the Jurassic Way
Summary and recommendations:	Recommend that field is designated as a Local Green Space within the Neighbourhood Plan
